Digital Yacht at Annapolis Sail Show - Booth A8

Dear Partner

Digital Yacht will be exhibiting at the Annapolis SailBoat Show, October 4-8. Come by and find us on booth A8. We'll have new products on display including Nomad, our portable Class B AIS system with wireless and USB interfaces, USB portable power and a portable AIS antenna for a truly mobile AIS solution

Also on display is our WLN10SM - a new NMEA-WiFi gateway which now offers user selection of NMEA data rates, password protection and the ability to join other networks through a neat web browser interface. It's the perfect way to add wireless to your AIS system and take advantage of AIS overlays onto Navionics charts on your iPhone or iPad - another great new application from Digital Yacht.

We'll also demo 4G Connect. If you're looking for high speed internet at up to 20NM offshore then this is your solution. Using MIMO, dual antenna technology, you'll get exceptional distance and speed and it's SIM free too so you can choose a cellular operator and package to suit your data needs

You can also download a copy of our latest newsletter from the download link below. We look forward to welcoming you at the show

Best wishes

The Digital Yacht team TEL 978 277 1234
